LinkedIn: /jennifer-alexander-hill | GitHub: /jsalexan | Portfolio: https://portfolio-jah.herokuapp.com/

Highly creative full-stack web developer with a background in management, teamwork, and customer service. Proven talent for quickly mastering new skills and problem solving with an emphasis on efficiency. Known for creativity, strong vision, diplomacy, tenacity, and work ethic.

Technical Skills

Frontend: *HTML5, CSS, JQuery, Javascript, ReactJS, Handlebars, Bootstrap, Bulma, Responsive Design*
Backend: *MySQL, MongoDB, Express, Node, Webpack, Apollo GraphQL, NPM, Git*
Other: *GitHub, Tessitura, NeonCRM, Raiser's Edge, WordPress, ZohoSites, Canva, Microsoft Office*

Projects

Dog Town | *Repo* | *Deployed*   *CSS, JavaScript, APIs*

- App for a dog owner to assist them in locating dog parks.
- Allows a user to find dog parks within a 10 miles range in their selected city. My role included creating the CSS for the entire app and getting the Google Maps API set up, with the functions that display the map and custom pins.
- Tools/Languages: HTML, CSS, Bulma, JavaScript, JQuery, Google Maps, Open Weather, and Canva.

Furever Friends | *Repo* | *Deployed*   *Full Stack*

- A social media app for your dog.
- Allow a user to login, create a profile for their dog, and post pictures and comments. My role included building the comment functionality, CSS for the profile form, and animation for the front page.
- Tools/Languages: mySQL, NodeJS, Sequelize, Express, Heroku, Cloudinary, Multer, Nodemon, Insomnia, along with JavaScript, JSON, HTML, CSS, and Bootstrap.

Dog-tor's Notes | *Repo* | *Deployed*   *MERN*

- An app to help track your dog's health.
- Allows a user to keep notes for vet appointments, make to-do lists, chat with other dog lovers, and more. My role included creating the code for the vet notes, daily tasks, health tips, and over all styling.
- Tools/Languages: React, Apollo GraphQL, MongoDB, Mongoose, NodeJS, Express, JWT, Heroku, Cloudinary, Nodemon, along with JavaScript, JSON, HTML, CSS, and Semantic UI.

Work Experience

Director of Development and Special Events   2017 – 2018
Seattle Girls Choir   Seattle, WA
Relevant Accomplishments:
- Selected, implemented, and administered a new CRM database.
- Managed WordPress website and guided redesign.
- Implemented a more robust social media program.
